

# That's why we're supporting **Mitchell Englander.**

## **As Your Councilmember, Mitch will:**

- ✓ Eliminate all non-essential departments and services in order to fully fund public safety, streets, tree trimming, and graffiti and weed abatement
- ✓ Cut the salaries of city department heads unless they meet strict performance standards
- ✓ Bring city pensions in line with the private sector and require city workers to contribute more toward their healthcare
- ✓ Reform the pension system to eliminate double dipping and pension spiking

"Mitch Englander served as my Chief Deputy. Together, we cut business taxes and reduced our office budget – giving a million dollars for local services. Mitch has the experience to fix the budget problem and make sure our money is spent maintaining our neighborhoods."

**—Councilman Greig Smith**

"Mitch Englander is the candidate I trust to watch out for Valley taxpayers. I urge you to vote for him in your local election on March 8th."

**—Former Mayor Richard Riordan**

"I have known and worked with Mitch for many years. As a Councilmember, he will provide a strong voice for the Valley and fiscal responsibility for our City."

**—City Controller Wendy Greuel**

## **Daily News**

February 10, 2011

### **Pick Englander**

**Council District 12 can benefit from Mitchell Englander's experience...**

One candidate – Mitchell Englander – stands out as the most prepared, most informed and the most capable of helping steer a city through a budget crisis that could fundamentally change Los Angeles government.

We recommend Englander as the next council representative for the 12th District.

## **Los Angeles Times**

February 5, 2011

### **Mitch Englander for City Council District 12**

Englander speaks more knowledgably than his rivals about the city's fiscal problems. He is bright and capable, and seems more attentive to the neighborhoods' concerns... *The Times* urges a vote for him.

Paid for by Mitchell Englander for City Council 2011

## Fighting For Us: *On Jobs*

Tom LaBonge works hard to create new good-paying jobs for the people of this community. On the Council, he cut business taxes and red tape to help local business owners save money. He helped encourage a local bio-tech company, Baxter BioScience, to invest hundreds of millions of dollars in their local plant which employs thousands of local residents.

## Fighting For Us: *On Public Safety*

Tom LaBonge works tirelessly to help the LAPD keep our neighborhoods safe. As a result, portions of the district have been found to be some of the safest anywhere in the country.\* He supports increasing after-school programs to keep kids out of trouble and getting more LAPD officers on the street patrolling our neighborhoods. **That's why he's the choice of local Police and Firefighters.**

## Fighting For Us: *On the Environment*

Tom LaBonge works hard to protect open space and prevent over-development. He stood up to the special interests and saved Cahuenga Peak (and the Hollywood sign) from developers by enacting the greatest expansion of Griffith Park since the 1940s. He is also working to expand parks throughout the area, adding trails and native plants. **That's why he's the choice of the League of Conservation Voters.**

\* "Los Angeles Has Safest 'Big City Neighborhood' In America," Huffington Post, November 8th, 2010

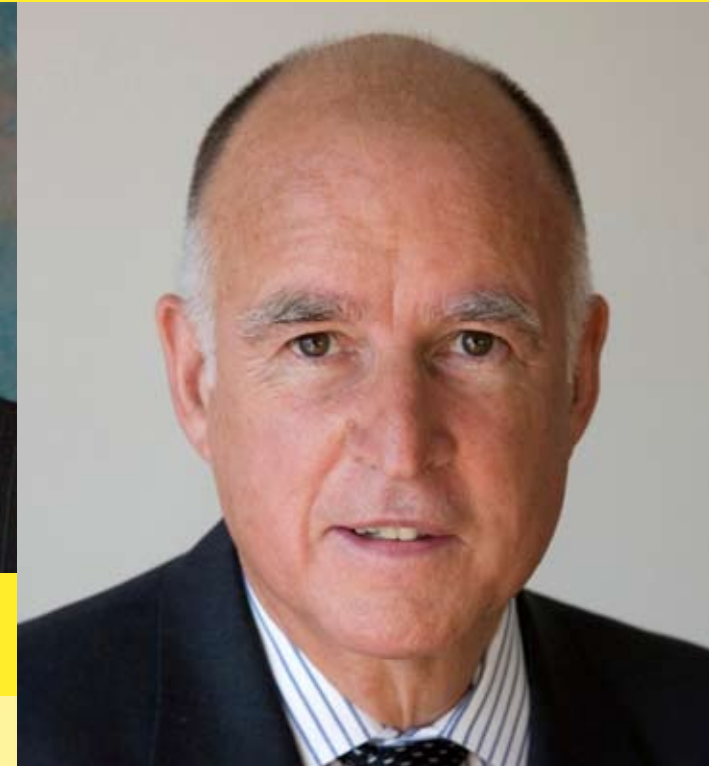

# Tom LaBonge is the only candidate endorsed by the Los Angeles County Democratic Party.
